PROFESSIONAL

 <p>ELITE™ SERIES <i>Model 3850</i></p>	<p><u>The Power Lifters</u></p> <p>Do you have an extremely heavy garage door? The new 3/4 HP Elite Series models provide more pulling power to lift today's heavier, custom wood garage doors with ease.</p> <p>The Standby Power System</p> <p>Every month, 100,000 homes experience a power outage. The Elite Series Model 3850 Garage Door Opener with the EverCharge™ Standby Power System allows you to still come and go through your home's primary access point, your garage door, when the power goes out.</p>
	<p><u>Door Control Products</u></p> <p>LiftMaster® offers a variety of Door Control Products to complement our garage door openers. Our Keyless Entry Systems and Control Panels will provide you with added security and convenience features.</p>
	<p><u>Remote Control Products</u></p> <p>Available in a variety of styles and colors, LiftMaster® remote controls blend nicely with any car's interior or upholstery, making them the perfect accessory to complement your lifestyle. All LiftMaster remotes feature Anti-Burglary Technology to keep your home safe and secure.</p>
	<p><u>Home Convenience / Safety Products</u></p> <p>LiftMaster's progressive home convenience and safety products are designed to work in harmony with your LiftMaster garage door opener. Best of all, they deliver what matters most...convenience and safety for you and your family.</p>
	<p><u>Products Compatibility</u></p> <p>LiftMaster® offers a large variety of accessories designed to work with our products. We've made it easy to find which ones work with your garage door opener.</p>
	<p><u>Laser Parking Assistant</u></p> <p>This innovative new accessory is designed to help you park in the right spot, every time!</p>
